

## Double Colors Audio Toslink Cable with Yellow and Black (AX-F50A05)

---

Model No.: AX-F50A05

### Product Description

#### Specifications

24K Gold plated connectors, Micro convex ends Toslink Male to Male

#### Detailed Product Description

- (1) new premium optical fiber cable
- (2) 24K gold plated connector
- (3) Zn alloy shell assembly type
- (4) OD=5.0mm Length=1m
- (5) RoHS

New premium optical fiber cable items No. AX-F50A05 (Yellow with Black)

#### Specifications:

24K Gold plated connectors, Micro convex ends Toslink Male to Male; Precision polished fiber tips for Maximum Signal Transfer (includes tip protectors)

Spring-Loaded Connectors - Spring-loaded connectors ensure accurate signal transfer. Attached Dust-Proof Caps

Fully Molded Construction with Strain Relief, reduce stress where cable and connectors meet;

Gold-Plated Metal Headshells - These elegant looking gold headshells provide a fabulous look for your professional audio setup.

Gold-plated ferrule prevents corrosion and provides for maximum protection of the Fiber Tip

High-Purity optical grade fiber, Allows to extend optical cable up 300ft;

The Ultra-Flexible PVC JACKET helps prevent cable damage and adds flexibility and durability for years of listening pleasure.

Net Jacket Protection - The sleek net jacket on these cables offers an additional level of protection to help prevent your toslink cables from getting dented, scratched, or damaged.

Using 1mm low-loss core, low-jitter synthetic fiber to dampen vibration, giving you the ultimate listening experience.

**Functions:**

High-Purity Wide-Band Audio Transmission

Optical cables transfer the signal using light; Immune to electrical noise, thus completely eliminating any chance for RFI, EMI or ground loop interference]

Toslink Digital Audio Cable provides the cleanest possible signal, even at extreme volume levels

Our Toslink cables compatible with following Audio equipments
