

TH-UV365P3WE

UV LED high power 3W365nm curing recommended

Product information			
product type	Light-emitting diode	Brand/trademark	Domestic
Model / Specification	TH-U V3 65P3WE-A21	structure	Point contact type
material	Gallium arsenide (GaAs)	Package form	Power type
Packaging material	Ceramic package	Power characteristics	High Power
Frequency characteristics	Low frequency	Luminous color	Ultraviolet
LED package	Colorless and transparent (T)	Illuminating surface feature	Round light
Luminous intensity angular distribution	Standard type	Highest reverse voltage VR	5(V)
Forward DC current IF	700m(A)		

Contact information

Company Name: [Zhuhai Tianhui Electronics Co., Ltd.](#)
