

LINEAR LED SMD 5630 W

• Product Details

Aluminum SMD5630 40 Inch LED Light Bar With 72 LEDs

It adopts high lumen SMD5630 LEDs as light source, 72 LEDs per 40inch, 12V DC input, customized length is acceptable

Type	Aluminum LED Light Bar	Beam Angle	120 degree
Length (in)	39.4in (3.28ft)	Waterproof Type	Non-waterproof
Quantity of LEDs	72 LEDs	Conductors	2
LED Type	Samsung SMD5630	Strip Width	18mm(0.71in)
Brightness	1200 Lumen	Operating Voltage	12V DC
Dimmable	No	CRI	75

Features:

- 1) Pure White and Warm White are available, beam angle is 120 degree, operating voltage is 12V DC
- 2) 50cm and 100cm are available
- 3) Cuttable per three leds, customized length is acceptable
- 4) Solid-state, high shock / vibration resistant
- 5) Lifespan is 50,000 hours

Application:

This 40 Inch LED Light Bar can be used for cars, fish tanks, counter decoration, entertainment, cinemas, public facilities, lighting engineering, home decoration projects.
