

XH-W3103 AC 220V Max 6600W Digital Thermostat 30A Temperature Controller Switch

3216169

Features:

Control temperature by setting the temperature setting value and the difference value.

Temperature calibration.

Refrigerating control output delay protection.

When you set the temperature, no need manual operation, it is necessary for families, offices.

Dual display window, it will be convenient for you to check the temperature details.

Equipped with high quality chips, reliable and safe.

Specification:

Model: XH-W3103

Shell Material: ABS

Output Type: Direct Output

Operating Voltage: AC220V

Output Power: 6,600W (Max.)

Max Current: 30A

Temperature Control Range: -19~99°/-2.2~210.2°

Sensor: NTC10K/B3950 200cm

Size: app.93x70x45mm/3.66x2.76x1.77in(LxWxH)

Quantity: 1 Pc
